Swimming and Trails:

One of the most popular features at the camp is Lake Chautauqua (Sha-taw-qwa). The three-acre lake has a designated swimming area and access to paddleboats and funyaks. Nearby is a covered dock and shaded gazebo. This area is perfect for relaxing in a tranquil setting. Surrounding the lake is a nature trail ideal for exploring nature at its best while relaxing on benches that are provided along the trail. This part of the camp is truly a beautiful place to experience God in His creation.
